

ENRICH GLOBAL starts taking European innovation global from January 1st, 2021!

On behalf of our founding members, we are pleased to announce the launch of ENRICH GLOBAL on January 1st, 2021!

ENRICH GLOBAL is a non-for-profit member-driven association with the aim to **contribute to the development of European scientific technological and innovation excellence, reinforce innovation competitiveness and drive internationalisation.**

ENRICH GLOBAL builds a future for innovation-related international collaboration by connecting existing initiatives, ENRICH and others, and providing support to building sustainable collaborative programmes. But also, services, networks, and tools, bringing together expert members interested to develop and reinforce their innovation-related collaboration, learning from and sharing with others.

ENRICH GLOBAL benefits from the outstanding expertise of its founding members, drawn from diverse backgrounds and geographical locations , with both private and public sector experiences, as well as a deep knowledge of internationalisation activities.

The founding members include:

- **Public National Agencies, Centres or Foundations:** ANPEI – Brazil National Association of Research and Development of Innovative Companies; APRE – Italian Agency for Promotion of European Research; DLR – German Aerospace Center/International Bureau of German Federal Ministry of Research; FORTH – Foundation for Research and Technology – Hellas, Greece.
- **Renowned global consultancy firms and networks** with hundreds of years of cumulative experience in supporting internationalisation of innovation: GAC Group (HQ France, hosting organisation); CIVITTA (HQ Estonia); EAEC – European-American Enterprise Council (USA); EBN – European Business & Innovation Centre Network; ENRICH in LAC – European Research and Innovation Centres and Hubs in Latin America; EURelations (Switzerland); RCISD – Regional Centre for Information and Scientific Development (Hungary); and SPI - Sociedade Portuguesa de Inovação (HQ Portugal).

Members of ENRICH GLOBAL will be able to access the founding members’ expertise and knowledge and will be provided with the opportunity to be part of a strong community that is built on the principles of collaboration and knowledge sharing.

Together we will support research, science, technology, innovation, business, and internationalisation by working, training, and leveraging expertise from companies, researchers, and innovative entrepreneurs.

Networks, public and private innovation service providers, clusters, incubators, accelerators, business, and innovation centres, local, regional, or national authorities, chambers of commerce, investors, universities, public and private research organisations, and innovation support organisation, from across the world, will gain interest in taking part in the ENRICH GLOBAL association!
